Subject: Benefits Coverage During Furlough

During these unprecedented times, we know that there are uncertainties around many things, and healthcare is one area that you may have many questions. We hope to provide you with some clarity on what is offered to you while on furlough.

You will receive a monthly invoice from Businessolver for the continuation of your benefits. If you wish to continue with your current benefits, you will be required to submit payment directly to Businessolver. If payment is not received by the required due date, your benefits will be terminated, and you can reinstate your benefits once you return to work. You will have 31 days from the date you return to work to contact the My Four Seasons Benefits Center at 1.866.672.0435 or log on to the My Four Seasons Benefits website at fsbenefits.fourseasons.com to reinstate your benefits.

Your first invoice will reflect your medical, dental and vision at 100% of the premium (both employee and employer share) while on furlough.
